

Public Utility Rates: A Discussion of the Principles and Practice Underlying Charges for Water, Gas, Electricity, Communication and Transportation Services (Classic Reprint) (Paperback)

By Harry Barker

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Public Utility Rates: A Discussion of the Principles and Practice Underlying Charges for Water, Gas, Electricity, Communication and Transportation Services The collection and formulation of these notes have been under way about eight years. Before utility questions had attained their present popularity, the author felt (in following the discussion of public-service questions at engineering conventions and from the varied acquaintance of an engineering editor) that a comprehensive discussion of (1) such corporation and municipal activities as affect service and rates, (2) the trend of public opinion and court and commission decisions, and (3) the most important engineering and economic problems involved, would be useful to many who have to deal first-hand with one phase or another of public service. Very many men who have seemed to be interested in all phases of these problems have not had the time or opportunity to study the conflicting and reiterative ideas of the scattered documents, pamphlets, and papers which very largely form the literature of the subject. There has seemed to be a desire among public utility officials...

Reviews

This book may be really worth a read through, and far better than other. it was actually writtern extremely completely and valuable. I am just very easily will get a satisfaction of looking at a published ebook.

-- Lillie Toy

It is easy in read through easier to fully grasp. it had been writtern very completely and useful. I am pleased to let you know that here is the greatest book we have read during my personal life and could be he very best book for possibly.
