THE ODES TO TL61P

Enitharmon Press. Paperback. Book Condition: new. BRAND NEW, The Odes to TL61P, Keston Sutherland, The Odes to TL61P is a suite of five massive, turbulent, tender and satirical odes written and revised from 2010-13. It is the explicit history of the author's sexual development from early infancy; a commentary on the social and political history of the UK since the election of the coalition government; a philosophical account of the common meaning of secrecy in the most intimate, private experiences and in international diplomacy; a wild work of revolutionary theory that investigates in minute detail the difference between commodities and human lives; a record of a thousand revisions, deletions and metamorphoses; an attempt to radically extend and reimagine the very possibility of the ode form; a monstrous accumulation of techniques and mimeses, from the strictest and most perfected metrical verse to the most delirious and cacophonous noise music; and a devoted love song to the now obsolete product ordering code for a bygone Hotpoint washer-dryer, "TL61P". It is the longest poetical work yet written by Keston Sutherland and his most comprehensive effort yet to transform the grammar of human existence.
