Weiser Books. Paperback. Book Condition: New. Paperback. 208 pages. Dimensions: 8.9in. x 6.0in. x 0.6in. What do the so called sacred sites all over the world have to do with consciousness Is it possible that the ancients left us keys to who we really are and what we are capable of What does sacred geometry really have to do with these sites, our consciousness and even the symbology of world religions How does all of this tie together to literally solve the meaning of the Mayan Calendar The Secret History of Consciousness answers these questions and more as the author simply and logically relates the tangible with the intangible from reality on the earth plane to worlds far beyond. As she weaves the facts together, the author shares her intimate story of finding her way out of third dimensional reality and into worlds beyond where she met and interacted with her Guys as she lovingly calls them, as they taught her about life, consciousness, the sciences, multi-dimensional reality, star gate systems, worm holes, genetic and conscious evolution and so much more. Finally, a book that pulls metaphysical reality into a clear and comprehensible set of information in conjunction with the sciences and tangible proof that will blow your mind.
